

Interior view looking towards the front of the car. Restroom enclosure is on the left. Residential doorway is on the right. Partition in middle distance does not correspond to any historical records and may be the partition that should be in the foreground parallel to the rear wall of the restroom to enclose the parlor/observation section. Windows are in the middle distance leaning against the wall.

[SNOQUALMIE LANDMARK REGISTER NOMINATION : PUGET SOUND ELECTRIC RAILWAY CAR 523, NOVEMBER 2017](#)
